Pool Hire

Hire Procedure

The pool will be hired using the Cherry Trees School procedures. The normal procedure when dealing with a letting application is as follows:

- A formal signed lettings application form should be received from the prospective hirer. The person signing the form will assume responsibility

for the building for the duration of the letting. The times stated on the form include arrival and departure, not water time only.

- Bursar should seek approval from the Executive Headteacher / Governors.
- Swimming coach to complete the school letting paperwork. Copy to the hirer, copy to the Site Team and file a copy. Charges should be calculated in accordance with Governors' policy, but should be at least the full economic rate.

- Details should be entered onto the Quarterly Return. In addition to the above, all hirers are expected to sign to say they have read and understood.

The Emergency Action Plan

Hirers must also sign to agree:

- To provide their own lifeguard, qualified to a standard as stated in the above documentation, and provide proof and qualifications. (The school has a list of lifeguards available).

 - Specialist Changing Beds

One person must assume responsibility for the above equipment and only trained personnel can operate this equipment. The use of other equipment is included in the cost of the hire of the pool. However, any equipment damaged, and any damage to the fabric of the building, will be charged for.

The learner aids and equipment are stored on the poolside so that they are easily accessible. All equipment must be returned to the appropriate area after each lesson and put away tidily.

General equipment such as rescue poles, training equipment etc. shall be maintained in good order, stored properly and only used for its specific purpose e.g safety boards shall only be used for training or in an actual emergency situation.

Health & Safety

Planning – Managing Risk and Hazard Exchange

A meeting between both parties will take place which will include an exchange of information about health and safety and risk assessments relevant to the Letting. A Hazard Exchange Information for Lettings Form (Appendix 1) will be completed to record this information and copies kept by both parties along with any risk assessments relevant to the Letting.

The hazard exchange process will include:

- 1) The hazards that exist on the site which may be a risk to those letting the premises and any associated control measures in place which must be followed by those letting the premises.
- 2) The hazards created by those letting the premises presenting a risk to the regular users of the premises or those present during the Letting, and any control measures the Letting will have in place to reduce the risks.

Security and Access for Lettings

The school will make clear on any Lettings Agreement the security arrangements for opening and closing the premises, including times and

contact details for the person responsible for doing this e.g Caretaker. Those locking the school will carry out a check of the building to ensure everyone has left the premises before locking the site after a letting.

Those letting the premises will provide supervision for those taking part in the letting activity who might arrive before the scheduled start time. This is to ensure that those waiting do not become distracted and stray into unauthorised areas of the site.

The school will discuss with those letting the premises the permitted areas to be used and any limits of access on the site.

Where spectators are invited to observe activities e.g football matches on the school field, those letting the premises must be able to take responsibility for the spectators as well as those participating.

The school will ensure that access is prevented to all hazardous areas on the site, such as roof areas, D&T classrooms, machinery, substance storage facilities etc.

An agreement will be put in place for those letting the premises about reporting adverse incidents – such as trespassers on site. Those letting a premises must report any adverse incidents to the premises manager or others following agreed procedures.

Safe Condition of the Premises

Checks will take place to ensure that the Letting can go ahead in a safe and secure manner, for example, arrangements may differ in winter and summer for use of sports fields. It will be made clear who will check the condition of rooms used inside the building or external areas such as fields and pitches prior to the Letting taking place.

Arrangements will be in place regarding the recording and reporting of defects found or created during a letting.

Where premises are used during the winter months, arrangements will be in place for adequate external lighting to be switched on.

During winter or any inclement weather the site will have in place gritting or snow clearing arrangements, for example, the premises will have arrangements to grit some walkways for access and not other access points. Details will be communicated to those letting premises either as part of the letting agreement or by some other formal means. Those letting premises must take responsibility for ensuring pedestrians take the correct gritted access route to and from the premises.

During extreme weather the school will review their lettings and take the decision to refuse access if it is deemed to be unsafe.

The school will undertake regular premises condition checks as part of their normal premises responsibilities and these should be recorded.

Emergency Procedures / Fire

The Letting will have emergency procedures in place for their activities and the school will make any Lettings aware of emergency procedures to be followed as part of the hazard exchange process.

The school will provide the Letting with the fire procedures for the premises and Lettings must then take responsibility to communicate the procedures to all those present.

Those making a Letting must have access to a mobile phone should they need to raise the alarm in an emergency. The school will provide every Letting with information on what to do and who to contact in an emergency.

Accidents

The school will clearly define what a Letting must do if an accident occurs on the site and how they should notify the school. The school will review this information and investigate any accidents where the condition of premises or site problems may be relevant.

First Aid

The school and those letting the premises will be clear on whether the group letting the premises will have access to site first aid facilities and first aiders or whether the Letting will provide their own.

Cleaning and Waste Disposal

The school will discuss with those letting the premises the potential for any waste which may be generated and any cleaning requirements as a result of the letting. The school will arrange for those lettings to remove all waste and take responsibility for all cleaning as required, and this will be agreed and recorded in the Lettings Agreement.

Equipment

It will be made clear in the Letting Agreements which equipment on the site may be used by the Letting. In most situations, the use of the site owned equipment will not be permitted within the Letting and this will be made clear.

The school must insist that any portable electrical equipment brought onto site has been tested under the requirements for portable appliance testing and that where required a Residual Current Device (RCD) is in use. If the equipment is left at the premises, it must be stored safely as agreed with the school, and only be used by those letting the premises.

Communication

The school will ensure that arrangements for the use of the premises and access arrangements are communicated to all those taking part and it is

suggested that these are reviewed with all Lettings regularly and at least annually.

Monitoring

The school will hold regular review meetings with all Lettings to ensure that all parties have:

- The opportunity to update and exchange information.
- Review activities on site, accidents and incidents and any other issues which have arisen.
- Review and update hazard exchange and risk assessment information.

Miscellaneous

The hiring body shall comply with such additional conditions as the Endeavour MAT, Executive Headteacher, or the Governors may require in writing, to be observed for a particular letting.

Should the Hirer fail to observe the Conditions of Hire, the Duty Manager may require the Hirer to vacate the premises and the Hirer's rights under this agreement may be terminated immediately.

The Duty Manager shall have the right to refuse admission to any person without giving reason to do so and may similarly require any person or persons to leave the premises.
