Conclusion

As part of our preparations for the implementation of the statutory guidance on Relationship and Sex Education, we consulted with parents in the form of a questionnaire. Ten questions were asked; some required a 'yes' or 'no' answer, while others asked respondents if they 'strongly agreed', 'agreed' 'neutral', 'disagreed' or 'strongly disagreed'.

In total, 20 responses were received including 5 with additional feedback. We would like to thank all of you who contributed. Your responses are valued and appreciated and will feed into our curriculum planning process. We were delighted to receive such positive responses to the questions.

It is clear that from responses returned, parents are supportive of the schools' approach to RSE and feel that as a school we are providing effective and high quality opportunities for all our pupils.

As always, if you have any questions, concerns or comments to make about the Relationships and Sex Education curriculum, please contact your child's class teacher in the first instance. If further support is needed, please contact our Senior Management Team.
