

Yellow Class

Parent Information Booklet 2023-2024

Hello,

My name is Sam Smart and I will be your teacher for next year. I am really looking forward to working with you all in Yellow Class.

Dear Parents and Carers

Welcome to Yellow Class.

Whether your child is new to the school or returning to Yellow Class for another year, we will do everything we can to ensure that they settle happily and quickly into their new class group. We hope that you find the information included in this booklet useful in providing information and an insight into the experiences and opportunities that are offered in this class.

Key information

- * We try our best to go outside every day. Please send in appropriate clothing for the day e.g. a warm coat for colder days and sun hat for sunny days.
- * Please send in a full spare set of clothes for your child in September, all clearly labelled with their name. We have lots of fun in Yellow Class, but accidents happen and sometimes fun things do get messy!

Class and Play Area

Organisation of the School Day

Mornings

9.00 - 9.25	<p>Arrival</p> <p>On arrival the children are welcomed and helped to hang their coats and bags onto their pegs. (Promoting independence)</p> <p>Good Morning</p>
9.20- 9.25	<p>The morning begins with a look at the visual timetable so everyone knows what activities they will be doing during the day ahead.</p>
9.35 - 10.30	<p>Teaching session</p> <p>Targeted small group and whole class teaching activities are used to develop the children's core Maths and English skills, including Phonics and reading skills learning.</p>
10.30- 11.00	<p>Snack and Play time</p> <p>The children sit together to enjoy a mid-morning snack and drink, developing their table manners and communication skills in requesting their chosen snack. Outdoor play is then available and everyone is helped to go outside and develop their gross motor skills and explore the outdoor environment.</p>
11,00- 12.00	<p>Teaching session</p> <p>In Yellow class, our teaching sessions include a combination of planned, adult-led activities and opportunities for child-initiated and independent learning through themed continuous provision and play.</p>

Organisation of the School Day

Afternoons

12.00 - 1.00	<p>Lunch time</p> <p>Lunch is served in the classrooms in Yellow Class and the children are supported to eat their packed lunch or school dinner. They are then able to enjoy play and outdoor activities on the playground.</p>
1.00 - 2.00	<p>Teaching session</p> <p>As with the morning session, this will include a range of planned, adult-led activities and opportunities for child-initiated and independent learning through</p>
2.00- 3.00	<p>Teaching session</p> <p>Again, this will include a range of planned, adult-led activities and opportunities for child-initiated and independent learning through themed continuous provision and play—focused on specific subject</p>
3.00 - 3.15	<p>Home time</p> <p>The children come together to share a class story and learning and are then encouraged to collect their belongings ready to go home.</p>

Curriculum

Children in Yellow Class learn by playing and exploring, being active and through creative and critical thinking, which takes place in both the indoor and outdoor environments.

Our teaching and learning covers subjects right across the curriculum and is often delivered creatively and using cross-curricular links to our half-termly topics. We work with a sensory approach in a hope that your child will feel happy and safe with a sense of belonging in our class.

In Yellow Class we will tailor a curriculum to the individual child's needs, whether that be a more physical or structured approach, a physiotherapy programme or communication rich environment. Our class sizes are smaller and staff ratios higher than the other classes to allow this.

We encourage our children to be individuals and teach to their strengths, to ensure a sense of purpose and achievement in all tasks not just academically.

Our curriculum helps the children learn skills and behaviours that can progress into life skills for their future, and help them to become as independent as possible. All our lessons are practical and take part within the classroom as well as the local community. Communication is always a focus with our children and this includes communicating with our parents.

In Yellow Class we believe parent- teacher communication is as valuable for us as it is to the child and encourage it through a variety of means.

Yellow Class Topic Overview

Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Year A					
Journeys Transport	Winter Festivals of Light	Magic Carpet Ride	Amazing Animals	Who Do You Think You Are?	We're all going on a summer
Year B					
Autumn Witches and Wizards	Winter	The Circus is Coming	How Does Your Garden Grow?	A Pirate Life For Me	Food Glorious Food

How We Learn...

Child-initiated activities - pupils are expected to choose from a range of structured activities, with adult support to model engagement, communication and skills and to develop language and play as appropriate.

Teacher-directed activities - differentiated, planned activities with learning objectives, delivered with staff working with children on a 1:1 basis or in small groups.

Individual Education Plan targets - there are three personalised targets set each term and shared with parents. These are linked to your child's EHCP and therefore relate to the needs of each child. Staff will then focus on these where appropriate and they are reviewed at the end of each term.

English

Our English lessons consist of a range of adult led and child led activities.

We work on developing communication skills through Intensive Interaction, SPRINT targets and PECs.

We work on pre writing / early writing skills through a sensory hands on approach.

We follow Bug club phonics reading pathway to meet the needs of all children.

Yellow class enjoy a range of circle time activities to develop listening skills, including songs, rhymes and stories.

Mathematics

In Yellow class, we aim to provide the children with the foundations that they will need for later numeracy skills, by developing counting skills and their understanding of numbers and quantity. They may calculate simple addition and subtraction problems through play and will use practical activities and equipment to explore concepts and language relating to shapes, spaces and measures.

Topic

Our half-termly topics are delivered through engaging experiences and practical investigations. We encourage the children to use their senses, make observations and develop their understanding of the world around them.

Personal, Social and Emotional Development

Providing core foundations for their time at Cherry Tree, we support the children in Yellow class to help them develop a positive sense of themselves, form positive social relationships and learn how to manage their feelings and behaviours in a variety of different situations. We also explore the practices and traditions of different religions and cultures to develop their understanding and respect for different beliefs and values.

Knowledge and Understanding of the World

Children will have the opportunity to develop an awareness of the world around them, both natural and manmade. They will have opportunities to explore people, places and technology. KUW helps children to explore and investigate and to question how and why things work.

Creative and ICT

We give the children the opportunity to use tools and equipment to express themselves through a wide range of media and materials. Creative lessons in Yellow class are fun and open to the children's own ideas and imaginations.

Physical, Motor and Sensory

In addition to our weekly PE lessons , we aim to give the children time everyday to develop physical skills both inside and outside the classroom, using small and large equipment. For children with particular needs. Yellow class take part in our daily mile and have

Communication and Language Development

Developing communication and language skills is a really important part of our work with the children in Yellow class and is embedded into all areas of the curriculum. We aim to give all the children opportunities to experience a rich language environment to develop their confidence and skills in communication and listening. This may include working towards targets set by the Speech Therapists. Yellow Class will work closely with the private Speech and Language therapist that we buy in to support the children additionally at school.

Assessment

In Yellow class, we use SOLAR as an assessment tool to record information about your child's learning. This gives us an insight into how they are progressing against a series of statements in each area of the curriculum. This record will follow them through school, so that we have a clear record of their learning journey all the way through school.

Please note, we take photographs as part of our observations and it may be possible that your child is included in a photograph of an observation of another child. However, these photos will not be released outside of school unless you have given permission for this.

Independence Curriculum

We maximise opportunities throughout the day for the children to develop their independent skills. The children are encouraged to practise different life skills each term to ensure they can be as independent as their abilities allow. In Yellow class children will do this through mainly their daily routines in school: this will include skills such as finding their own belongings, dressing and feeding. Life skills provide the foundation to ensuring our children can access a full and independent adult life, ensuring they can stay safe and happy. You can find a copy of our Independence Curriculum on the school website. This has a list of the key skills and achievement steps we work towards in Yellow class, so that you can support with these at home too.

Community visits

Each class is provided with a weekly session to use one of our school minibuses to access the community. These visits provide opportunities to enhance and extend the learning that takes place in the classroom. They also give us the chance to help the children experience and learn what is expected in places such as supermarkets, cafes, shops and local parks. This is an ideal time to develop independent life skills in a real-world context.

Rewards and Recognition

In Yellow Class we use Dojo points daily and prizes linked for individual points and class rewards for reaching an amount as a class. The children will be involved in setting the target in September.

We also use stickers :-) Stickers are given for an instant reward for work, kindness, and being helpful.

We also have weekly certificates.

In Yellow class we also work towards reward afternoon, in the past we have had a teddy bear picnic, ice cream on the field, movie afternoons. These treats we all enjoy together as a class.

Shared Spaces

At Cherry Trees our classes enjoy access to a number of shared spaces which provide opportunities for both learning and therapeutic experiences. These include: the school library, the swimming pool, the forest school, the therapy room, the Dark Room, the kitchen and nurture room and the soft play room.

Nurture and Therapies

At Cherry Trees we believe in helping your child to develop emotionally, socially, independently and academically.

Music therapy - each class at school will have the opportunity to have group sessions with our Music Therapist, Carlence. He provides the children with opportunities to experience and engage in the opportunities that music provides, such as communication, socialisation, expression and happiness.

Play Therapy - Claire is a trained play therapists and we utilise this skill so that the children have the opportunity to visit The Therapy Room to take time away from the classroom to relax. These may be regular, timetabled sessions or ad-hoc visits to support pupils at times when we feel it may be beneficial to their wellbeing.

Lego therapy - Staff at school are trained in Lego therapy and use this as a vehicle to provide opportunity to support the children's mental health and well being. This can take place in class or in our special therapeutic space.

Nurture - We have a dedicated space in school to offer nurture support to the children. This is a timetabled programme delivered by our classroom staff. This helps the children to develop their self esteem and engagement. Activities in these sessions also include cooking and are very well received by the children who take part. All parents will be informed if this is taking place.

Animal Therapy - All pupil have the opportunity to access weekly animal therapy sessions. We utilise a local stables for horse riding and have our own resident guinea pigs, Anna and Elsa, that are very popular.

Home-School Communication

Home-school communication is very important to us and we value opportunities to work together to support the children in Yellow class. Every parent will have the chance to communicate with their child's class teacher on a daily basis via Class Dojo. We also use Class Dojo to send home photos and information about learning and events that have taken place at school, so you can share these at home too. This happens during school hours.

At Cherry Trees School we hold two formal Parents Evenings each year in the Autumn and Spring Terms. We also offer an informal Coffee Morning in the Summer Term. These meetings provide an opportunity for you to discuss your child's IEP targets and look at the work in their books. In addition to these, you will be invited to an annual EHCP Review meeting and will receive a written report detailing your child's progress and attitude to school at the end of the year.

Our aim is for school and home to work as a partnership.

If there are any problems that need to be discussed, please discuss these initially with your child's Class Teacher. If the issue is still not resolved, a member of the Senior Leadership Team will be happy to help. Should you wish to arrange a meeting with the class teacher, please do not hesitate to contact the office or send a message on Class Dojo and your child's class teacher will contact you at their earliest opportunity.

Topic Overviews

At the beginning of each half term, you will receive an overview of the topics being covered across the curriculum in your child's class. This will provide you with an insight into what your child is learning and enable you to share this at home.

School Newsletter

We send home a copy of The Cherry Trees Newsletter once a month which will share news and photos about the classes and whole-school events. This will also provide reminders for important dates and up and coming events.

School Website

Our school website has lots of information which you might find useful. Please do visit the website regularly, as we frequently add and update information.

School Office

Please contact the school office if you have any questions or queries.

Telephone: [01902 894484](tel:01902894484)

Email: office1@cherrytrees.staffs.sch.uk

Food and Drink

Snack time

School provides water, sugar-free squash and a selection of snacks, including fresh fruit, raisins, breadsticks and cereal.

Allergen advice: please make sure that you make us aware of any allergies that your child has so that we can accommodate these at snack time.

Dinner time

School dinners are available to all children and

individual dietary needs can be catered for by the school kitchen. Alternatively, children can bring their own packed lunch. Please label lunch boxes clearly with your child's name. In Yellow, the

children eat with their class group in the classroom and are supervised and supported by staff.

Personal Care

Staff are available throughout the school day to support the children with personal care. If your child wears nappies, we ask that you send in a supply of nappies and wipes for us to use at school. We can store one pack of nappies per child in class and will let you know when your child is running low via Class Dojo.

Health

If your child is ill and has an infection you are asked to keep them at home and inform school.

Children who have had infectious diseases will be allowed to return to school once the infection period has expired.

Parents are asked not to bring their child to school if they have had sickness or diarrhoea **until 48hrs after the last episode**

If a child becomes ill at school, we will speak to the school nurse for advice and then contact you if it is necessary to collect your child.

Administration of Medicines

A form for general medicines is included in the school welcome pack for plasters, nappy creams etc for you to sign if you wish.

A permission slip must be completed in order for the school nurse to administer medicines including asthma inhalers.

All medicines must have a pharmacy prescription label on if they are to be administered during the school day.

All children with a known medical condition will have a Care Plan produced by the school nurse.
